

## FOR HEALTHCARE PROFESSIONALS ONLY

### **FASENRA (Benralizumab) severe Asthma Induction Dose (AID) support program (1 dose only)**

This support program is meant for severe eosinophilic asthma patients. One Fasentra 30 mg dose will be provided free-of-charge (FOC) to patients based on local prescribing indication. To be eligible for this program, patients must fulfil the below medical and financial criteria as acknowledged by the prescribing physician before FOC Fasentra dose can be given to the patient. Under this program, AstraZeneca Singapore will not support any further free Fasentra stocks beyond the one FOC dose.

**Indication:** FASENRA is indicated as an add-on maintenance treatment in adult patients with severe eosinophilic asthma inadequately controlled despite high-dose inhaled corticosteroids plus long-acting  $\beta$ -agonists.

**Duration of Program:** Till 31<sup>st</sup> Dec 2024 (inclusive)

**Program Medical Criteria:** Adult patients diagnosed as Severe Asthma (GINA Step 5) meeting the following criteria

1. History of  $\geq 300$  cells/ $\mu$ l blood eosinophils over the past 52 weeks OR  $\geq 150$  cells/ $\mu$ l blood eosinophils at the time of institution {if on Oral Corticosteroids (OCS)}

AND

2.  $\geq 2$  exacerbations over the past 52 weeks OR on daily maintenance OCS for the past  $\geq 12$  weeks

**Program Financial Criteria:** I acknowledge that patient do not have any financial coverage that can fully cover for medication cost e.g. medifund, insurance, employee healthcare benefits (CSC)

I acknowledge that 1 adult patient has been given 1 FOC Fasentra dose based on the above selection criteria
